

KANSAS ARCHERY WHITETAIL HUNTS^(KSH10)

\$1,650/Hunter OR **\$1,350**/Hunter (group of 4)

ONLY 30 TAGS LEFT!

These hunts are for the avid and serious minded bow hunter looking for the opportunity to spend a few days in the woods and possibly have the opportunity to harvest the whitetail buck of a lifetime. This outfitter has long hunted in the area and guided hunters to many whitetails in the 140 -190 class range. They don't hold the hunters hands and also expect them to be comfortable passing on a 130 class animal with the understanding that the only way to control the quality of the deer in the area is by doing just that. Hunts will take place on 1,120 acres with access to either a 320 acre or 800 acre piece (entire 1,120 available to groups of four). These private land hunts are conducted out of stands only (no spot and stalk) in hardwoods, river bottoms, cropped areas and grasslands.

Hunt Includes: access to private land, help with booking accommodations and travel, pre-hunt orientation and game retrieval.

Hunts must be booked in groups of two to four hunters.
